## HORTICULTURE RULES

1. AHS horticulture entries eligible for AHS Rosettes and Medals must be entered on-scape.
2. Registered cultivars are to be exhibited on scapes not to exceed 30 inches.
3. All seedlings (including pre-registered cultivars) shall be cut as close as possible to the base regardless of height. A seedling having won the AHS Rosette in any other show is not eligible.
4. Entry tags for seedlings must be stamped or hand written with the word "seedling" in the space for the cultivar name. Names (including pre-registered names), numbers or any other identifying marks are not permitted on the visible portion of the folded tag.
5. Eligibility for Exhibitors in the Youth sections shall continue through the end of the calendar year following the youth's 18th birthday.
6. Cultivars listed on the official spider list must be exhibited in Section 6 unless they are: (1) a Popularity Poll exhibit, (2) part of a local collection, (3) a Youth Section exhibit, or (4) registered as a multiform cultivar, for example, as a Double/Spider, Double/Spider/Unusual Form, Double/Spider/Polymerous, Spider/Unusual Form/Polymerous, or Spider/Polymerous. (Refer to Multiform Classification Code on page 4.)
7. Cultivars whose names are NOT listed in the AHS check list or supplements may NOT be exhibited in any Division, Section, Class or Group where Registered cultivars are specified.
8. The Popularity Poll Section 9 includes the top 5 cultivar winners in the Region 12 Poll. Popularity Poll cultivars must be exhibited only in Section 9 unless they are Youth exhibits.
9. Unusual form cultivars, registered as such, must be entered in Section 7 and only those listed on the official UF list may be entered in Section 7 unless they are: (1) a Popularity Poll exhibit, (2) part of a local collection, (3) a Youth Section exhibit, or (4) registered as a multiform cultivar, for example, as a Spider/Unusual Form cultivar. (Refer to Multiform Classification Code on page 4 of this schedule.)

## JUDGING STANDARDS FOR ACCREDITED SHOWS

1. All judging of an accredited AHS show will employ the AHS standards.
2. All horticulture sections must be judged by AHS Exhibition Judges.
3. Each panel of judges shall be the final authority for each class in which it judges.
4. The Classification Chairman has the right to disqualify any entry which is damaged or does not conform to the schedule.
5. The Appropriate AHS Scale of Points will be used for (1) Registered cultivars on scape (2) Seedlings on scape (3) Individual flowers of registered cultivars off-scape.
6. The AHS Standard System of Awards will be used.
7. All scapes receiving the AHS Rosettes or purple ribbons must score 95 or above by the AHS Scale of Points.
8. Registered cultivars will be classified alphabetically within each section. No distinction is to be made between diploids and tetraploids.
9. Each registered cultivar shall constitute a name class. A single entry may be given an award if the judges consider it a superior exhibit. An exhibitor may have only one entry per class name.
10. Each seedling or pre-registered cultivar (a pre-registered cultivar is considered a seedling) shall constitute a class to be judged on individual merit. Each entry may be given an award if the judges consider it a superior exhibit.
11. If Division 1, AHS Rosette eligible Sections 1-10, are subdivided or judged by more than one panel of judges, the purple awards must be point scored to determine a single winner, since there is only one AHS Rosette each of these sections.

### Multiform Classification Code for Shows

Polymerous were formerly exhibited in the corresponding single-flower sections by size. They will now be exhibited with double flowers in Section 5, Registered Double and Polymerous Flowers. Hemerocallis cultivars are being registered as multi-formed – Double/Unusual Form, Double/Spider/Polymerous, Double/Spider, etc. In order to assist Classification Chairs in determining where to place them in a show, a *Multiform Classification Code* has been designed. A show section may be subdivided into classes if enough cultivars are entered to warrant it:

#### Registered as:

#### Place in Show Section:

Double/Spider .....	Double and Polymerous
Double/Unusual Form .....	Double and Polymerous
Double/Polymerous.....	Double and Polymerous
Double/Spider/Unusual Form .....	Double and Polymerous
Double/Spider/Polymerous .....	Double and Polymerous
Double/Unusual Form/Polymerous ..	Double and Polymerous
Spider/Unusual Form .....	Spider
Spider/Unusual Form/Polymerous ...	Double and Polymerous
Spider/Polymerous .....	Double and Polymerous
Unusual Form/Polymerous .....	Double and Polymerous

## AHS STANDARD SYSTEM OF AWARDS

The judging of each cultivar in each class shall be done by the American Hemerocallis Society's Standard System of Awards. For registered cultivars, only one blue, red, and yellow ribbon may be awarded in a given name class. For seedlings, each exhibit in the section is judged on its own merit and thus an award-eligible class.

One First Place Blue Ribbon	90 points or above
One Second Place Red Ribbon	85 points or above
One Third Place Yellow Ribbon	80 points or above
